Report on the Schedules

We have audited the accompanying Schedule of Employer Allocations for Other Post-Employment Benefits (OPEB) of the Employees Retirement System (System) as of and for the year ended August 31, 2019, and the related notes. We have also audited the columns titled net OPEB liability, total deferred outflows of resources excluding employer specific amounts, total deferred inflows of resources excluding employer specific amounts, and OPEB expense (specified column totals) included in the Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund of the System, as of and for the year ended August 31, 2019, and the related notes.

Management's Responsibility for the Schedules

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on the Schedule of Employer Allocations for OPEB and the specified column totals included in the Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Employer Allocations for OPEB and the specified column totals included in the Schedule of Collective OPEB Amounts for the Other Post-Employment Benefits (OPEB) Fund are free from material misstatement.

SAO Report No. 20-325

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Schedule of Employer Allocations for OPEB and the specified column totals included in the Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Schedule of Employer Allocations for OPEB and the specified column totals included in the Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the Schedule of Employer Allocations and the specified column totals included in the Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the Schedule of Employer Allocations for OPEB and the specified column totals included in the Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations, net OPEB liability, total deferred outflows of resources excluding employer specific amounts, total deferred inflows of resources excluding employer specific amounts, and OPEB expense as of and for the year ended August 31, 2019, in accordance with accounting principles generally accepted in the United States of America

Other Matter

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the System as of and for the year ended August 31, 2019, and our report thereon, dated December 20, 2019, expressed an unmodified opinion on those financial statements.

Restriction on Use

Our report is intended solely for the information and use of System management, Board of Trustees, employers participating in the OPEB plan and their auditors, and it is not intended to be and should not be used by anyone other than those specified parties.

University of Texas Medical Branch at Galveston Community Supervision & Corrections Departments (CSCD) - Department of Criminal Justice UT Mental Sciences Institute

All contributions by employers and NECE to the Group Employees Life, Accident and Health Insurance and Benefits Fund Program (GBP) are available to pay claims of active and retired members. Employer and NECE contributions are based on a blended rate. Allocation of the OPEB liability and related accounts should be based on the total contributions that are available to pay current and future claims of the OPEB plan, as this best reflects the relationship between the contributions and the collective net OPEB liability. The above schedule for Fiscal Year 2019 are based on both active and retiree contributions.

Percentages of Non-Employer Contributing Entity (NECE) by College columns have been removed from the Schedule of Employer Allocations for Other Postemployment Benefits (OPEB) for fiscal year 2019. This information will be presented directly to the Comptroller of Public Accounts.

The Grand Total of the Schedule of Employer Allocation excludes adjustments, which are presented in the fiscal year 2019 CAFR Exhibit VI Statement of Revenues, Expenses and Changes in Net Position – Proprietary Fund Contributions to Insurance Program-From Employers line item.

To the best of our knowledge, the information contained within this schedule is accurate and fairly presented in conformity with GASB 74 and 75.

GASB Statement No. 75 replaces the requirements of Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions, as amended. Statement No. 74, Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans, established new accounting and financial reporting requirements for OPEB plans. The scope of this Statement addresses accounting and financial reporting for OPEB that is provided to the employees of state and local governmental employers. This Statement established standards for recognizing and measuring liabilities, deferred outflows of resources, and expense/expenditures. For a defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

ERS has determined that the Group Benefits Program (GBP) is a cost-sharing multiple employer plan with a special funding situation that is administered as a trust in accordance with paragraph 4 of GASB No. 75.

As permitted under paragraph No. 59 of GASB No. 75, a measurement date that is twelve months or less in advance of the current fiscal year end has been selected. The collective net OBEB liability was measured as of August 31, 2019 (measurement date) and can be used for employer financial statements on or before August 31, 2020 (reporting date). In addition, the August 31, 2019 liability shown in the GASB No. 74 Actuarial Valuation of the OPEB provided under the Texas GBP for measurement year ending August 31, 2019 will be used for fiscal year 2020 reporting.

The methods and assumptions used in preparing the Schedule of Employers Allocations and the Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund are contained in the: ERS Comprehensive Annual Financial Report (CAFR) for the fiscal year ending August 31, 2019; ERS GASB Statement No. 74 Actuarial Valuation of the OPEB provided under the Texas Employee GBP for the fiscal year ending August 31, 2019; and the ERS GASB Statement No. 75 Actuarial Valuation of OPEB provided under the Texas Employees GBP for the measurement year ending August 31, 2019.

The Fiscal Year 2019 Schedule of Employers Allocations and the Fiscal Year 2019 Schedule of Collective OPEB Amounts for Other Post-Employment Benefits (OPEB) Fund have been audited by the State Auditor's Office.

This schedule complements the actuarial valuation reports: GASB Statement No. 74 Actuarial Valuation of OPEB provided under the Texas Employee GBP for the fiscal year ending August 31, 2019, and GASB Statement No. 75 Actuarial Valuation of OPEB provided under the Texas Employees GBP for the measurement year ending August 31, 2019, which should be considered together as a complete report for the plan year ending August 31, 2019. Please see the actuarial valuation report for GASB Statement No. 75 Actuarial Valuation of OPEB provided under the Texas Employees GBP for the measurement year ending August 31, 2019 for additional discussion of the nature of calculations and more information related to participant data, economic and demographic assumptions and benefit provisions. This schedule is for governmental employer reporting for Fiscal Years ending on or before August 31, 2020.

To the best of our knowledge, the information contained within this schedule is accurate and fairly represent the actuarial position of the Employees Retirement System of Texas. All calculations have been made by the ERS actuaries in conformity with generally accepted actuarial principles and practices as well as with the Actuarial Standards of Practice Issued by the Actuarial Standards Board.

Notes to the 2019 Schedule of Employer Allocations and Schedule of Collective OPEB Amounts for Other Postemployment Benefits (OPEB)

The Notes to the Schedule of Employer Allocations and Schedule of Collective OPEB Amounts for Other Postemployment Benefits (OPEB) have been prepared in conformity with generally accepted accounting principles (GAAP) as established by the Governmental Accounting Standards Board (GASB) and audited by the State Auditor's Office of Texas in conformance with generally accepted auditing standards.

A. Comprehensive Annual Financial Report (CAFR) 2019

The Employees Retirement System of Texas was created by the Texas Legislature in 1947 and is administered in accordance with the Texas Constitution. The System provides postemployment health care, life and dental insurance benefits through the Group Benefits Program in accordance with Chapter 1551, Texas Insurance Code. The State Retiree Health Plan (SRHP) is a cost-sharing multiple-employer postemployment health care plan with a special funding situation. The plan covers retired employees of the State, and other entities as specified by the State legislature. Participating Reporting Entities for the State Retiree Health Plan are State Agencies, Universities, Junior and Community Colleges and Other Entities. ERS issues a publicly available, audited Comprehensive Annual Financial Report that includes financial statements, notes and required supplementary information for the plan. That report is available online at the following link:

https://www.ers.texas.gov/About-ERS/Reports-and-Studies

Or the report may be obtained by writing to ERS at:

Employee Retirement System of Texas 200 E. 18th Street Austin, Texas 78701

Information available in the audited financial report and needed by employers to implement GASB 75 is not repeated in the allocation schedules and related notes. Please refer to the ERS CAFR referenced above for those items:

- Other Postemployment Benefit Plan (OPEB) Plan Descriptions and Contributions are included in Note 4.A.
- Funded Status and Funding Progress information: significant assumptions used to measure the Net OPEB liability, including discount rate and healthcare cost trend rate assumptions, and sensitivity of Net OPEB liability to changes in the discount rate and healthcare cost trend rate is included in Note 4.B.
- State Retiree Health Plan Membership is included in Note 4.C.
- The State Retiree Health Plan is a pay-as-you-go plan and has no reserves.

B. GASB Reporting and Disclosure Information

At the request of ERS, Rudd and Wisdom, Inc. has provided information required by the governmental employers participating in ERS in connection with GASB Statement 75 "Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions." These actuarial valuation reports are the source for the Schedule of Collective OPEB Amounts for Other Postemployment Benefits (OPEB) Fund and are presented in a separate file available online at the following link: https://www.ers.texas.gov/About-ERS/Reports-and-Studies/ERS-Actuarial-Valuation-Reports

These reports include the detailed actuarial assumptions used to measure the total OPEB Liability including mortality assumptions and the dates of experience studies on which significant assumptions are based. The schedule and the actuarial reports do not include information about the employer specific amounts (such as the net effect of changes in the employer's proportion of the collective net OPEB liability since the prior measurement date on OPEB expense and deferred inflows or outflows).

C. Employer Contributions reported in the schedule of Employer Allocations for OPEB were taken from the ERS Peoplesoft Financials (Financials) system using the OPEB Employer Contribution Premium due billed amounts related to active and retirees.
